The Middlesex County Board of Chosen Freeholders presents the proposed Middlesex County Operating and Capital Budgets for 2011, as well as the Capital Improvement Program for the years 2011 through 2015. The 2011 Budget has been prepared in accordance with the laws and administrative regulations of the State of New Jersey and reflects the continuing goals of the Middlesex County Board of Chosen Freeholders to maintain the very highest level of County Services, while, at the same time, minimizing the property tax burden of County Government. This budget reflects the Board's focus on transforming County operations to

while, at the safe time, minimizing the property tax burden of country down, will reduce the size of Country Government as ways to achieve the critical goals of high quality service and affordability.

The Board, in 2011 has been able to reduce salaries and wages through attrition by \$5 million dollars and has been able to reduce Country operating expenses by more than \$500,000 from 2010 levels. The Country continues to face State and Federal aid cuts of over \$3 million dollars, over which the Country has no control As it has for 10 years, Middlesex Country requires employees to continue to contribute toward employee health care benefits. In 2011, the total employee contribution is estimated to be \$1,318,000, and the employer cost is budgeted at \$44,653,927 resulting in a total net cost to the Country of \$45,971,927. Once

again, Middlesex County is ahead of the curve by requiring employee contributions years before State requirements were in place.

The mandated increases are compounded by inadequate State and Federal funding in such critical areas as Medicaid (which directly impacts the property tax subsidy of Roosevell Care Center), Mental Health (the State pays only 17% of the cost to operate Raritan Bay Mental Health Center instead of the 90% funding level called for by State Law. Even though, by providing out-patient services, the Center reduces the burden on State Mental Health Facilities. This under-funding of the Center by the State results in an annual burden on our County Property Taxpayers by over \$6 million) and Education (the State provides less than one-third of the funding it is statutorily obligated to provide for the operation of Middlesex County College, forcing County property taxpayers to make up the shortfall).

Some highlights of the 2011 Budget include: I. 2011 OPERATING BUDGET IS LESS THAN 2010 OPERATING BUDGET

2011 Budget appropriations total \$405,530,000. The Board of Chosen Freeholders and Middlesex County department heads have aggressively reduced operating expenses and salaries and wages to ensure taxpayers receive quality programs and services at prices they can afford. The budget appropriations are offset by \$85,654,000 in non-tax revenue. The resulting 2011 County tax levy will be \$319,942,115.

II. FINANCIAL STABILITY

Middlesex County department heads have aggressively reduced operating expenses and salaries and wages to ensure taxpayers receive quality programs and services at prices they can afford. The budget appropriations are offset by \$85,654,000 in non-tax revenue. The resulting 2011 County tax levy will be \$319,942,115.

II. FINANCIAL STABILITY

Middlesex County has retained its AAA bond rating from the national bond rating firm of Standard & Poor's Bond Rating as well as an Aa1 Bond rating from Moody's Investors Service. Driven solely by the economic downturn, the County Budget will modestly increase surplus levels in 2010 levels. We hope to see an uptick in the amount of surplus for the 2012 budget year.

III. EFFICIENCY AND PRODUCTIVITY

The economic downturn being experienced nationwide has negatively impacted Middlesex County's traditional revenue sources. The 2011 budget reflects a \$7,107,000 decrease in operating revenue items from 2010 levels. Interest income on investments in 2011 was \$384,393, which is \$750,897 lower than the

\$1,135,290 projected for 2010.
County officials have made a number of reductions to the expenses it controls to bring in a budget that falls under state CAP limits. They have reduced salaries and wages, the biggest line item in the budget, by freezing all vacant positions, reducing 150 positions through attrition and forced reductions throughout 2011 and reducing overtime by 10 percent. County officials also reduced operating expenses that are controlled by the Board by 10 percent across many departments from 2010 levels.

and reducing overtime by 10 percent. County officials also reduced operating expenses that are controlled by the Board by 10 percent across many departments from 2010 levels.

In these tough economic times, the Board of Chosen Freeholders recognizes that reducing expenses alone is not enough to ensure a responsible budget nor does it give a solid foundation for 2012 and beyond. To that end, the County is aggressively seeking new revenue sources. It continues to build on its successful Shared Services initiatives by entering into agreements with Monmouth County for Medical Examiner and juvenile detention services which will generate over \$25 million over the next 10 years. In 2011, we have established a shared services agreement with Mercer County for juvenile detention services, which will bring in an additional; \$1,400,000 annually for the next 10 years. The Freeholder Board is also reaching out to the County's 25 municipalities to discuss regionalization of certain services and office operations, including offering municipalities the ability to join the County's state-of-the-art 800 MHz emergency radio system and offering Uniform Fire Safety Code inspections.

In 2009, the County began construction on a new second state-of-the-art, 180-bed long-term care facility to complement the 180-bed facility opened in 2005 on the Roosevelt Care Center campus in Edison. The new facility will open in June 2011. The Old Bridge facility will help to reduce the County's operating subsidy for Roosevelt Care Center and offer the same quality care to Middlesex County's residents that Roosevelt is providing. In addition, the construction of this facility will create new jobs and provide greater energy efficiency in the operations of the facility.

Additionally, the Board will, going forward, make every effort to limit the amount of new bond indebtedness incurred each year to the amount of bond indebtedness scheduled to be retired that same year. This policy will reduce future increases in debt service as well as overall bonded i

CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

- A plan for all capital expenditures for the current fiscal year.

If no Capital Budget is included, check the reason why:

□ Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments for Improvements.

□ No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

- A multi-year list of planned capital projects, including the current year.

Check appropriate box for number of years covered, including current year:

■ 6 years. (Over 10,000 and all county governments)

□ ____ years. (Exceeding minimum time period)

NARRATIVE FOR CAPITAL IMPROVEMENT PLAN

NARRATIVE FOR CAPITAL IMPROVEMENT PLAN

The following is a summary of the Capital Improvement Budget for the year 2011 and the Six Year Capital Program, 2011-2016. The projects listed in the Founding Amount for Budget Year 2011 have received financing approval from the Board of Chosen Freeholders. The project amounts for 2012-2016 are still in the planning and consideration stages.

The proposed 2011 projects total \$56,087,517 an increase of 4.7% percent from 2010. This appropriation will enable Middlesex County to proceed with many important and critical projects this calendar year. The appropriation for these projects is being accomplished by the sale of general obligation bonds. Funding for numerous road and bridge projects accounts for 72.60% percent of the total 2011 Capital Budget, emphasizing the County's continuing commitment to improve and accommodate traffic flow and general circulation. The park system will continue undergoing major renovations.
